finish without boundaries

Make a bold statement
with **trend-forward**
specialty metallics.

Striking dark metallic specialty finishes, for their timeless elegance, are at the **forefront** of **lighting**, **plumbing**, and **appliance** design.

Pulling from these **emerging trends**, Amerock's **Black Chrome**, **Gunmetal**, **Matte Black**, and **Marble Black** are designed to coordinate with cutting-edge dark metallic finishes that are **desirable** in modern home décor.

COMPLEMENTING FINISHES

For more details on creating a unique look with finish pairings, see pages 42 & 44-47.

opposites attract

Split finishes, a move away from the expected into a **custom look**.

Veering from the predictable, split finishes **resonate with boldness**, allowing you to introduce **multiple finishes** into the palette of a space for a totally customized aesthetic.

Utilize our curated split finishes to create **versatile** and **dynamic style** — from a tranquil tone-on-tone look to bold, striking contrast.

expert tips

Selecting the Right Pull Length

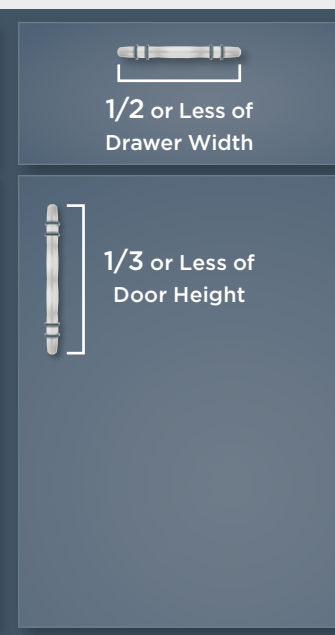

Gone are the days of **cookie-cutter design**. Make a **bold statement** with a **variety** of pull lengths.

- 1 Looking to create a dramatic style with clean lines? You can use **longer pull lengths**, extending up to the **full length** of the drawer or door.
- 2 For a more classic look, a general rule is that the **overall length** of the pull should be no more than **1/2 the width** of the drawer or **1/3 the height** of the door.

1 Dramatic Style

Amerock is the right choice for designers.

THE SELECTION PROCESS STREAMLINED

Amerock is now embedded in 2020's General Hardware Library and available online for **thousands of dealers and designers** who use 2020's professional interior design applications.

How do I find Amerock's products on 2020 Design?

To access our curated selection of knobs and pulls available (versions 11.9 and up), select a cabinet or drawer item you've added to your design, select the **Items** ribbon, click **Styles & Pricing** and select the **Catalog Styles** tab.

What version of 2020 Design do I need to access Amerock's products?

Amerock products are included in **versions 11.9 and up.**

If you already have a 2020 support account, log in to www.2020.net and click **Support Download** to find the latest 2020 upgrades.

If you do not have an account, contact 2020 customer support at 1-866-697-2020 or retention@2020spaces.com.

Where is Amerock's landing page on 2020's website?

Find our landing page and a link to our catalog at www.2020spaces.com/customers/amerock.

You must be a registered, licensed 2020 user.

Amerock is the right choice for builders.

HARDWARE SELECTION MADE EASY

Amerock has made the selection process easy by partnering with key design software developers. Now, **a curated selection of our products** is available to builders who utilize Envision professional design software.

envision™

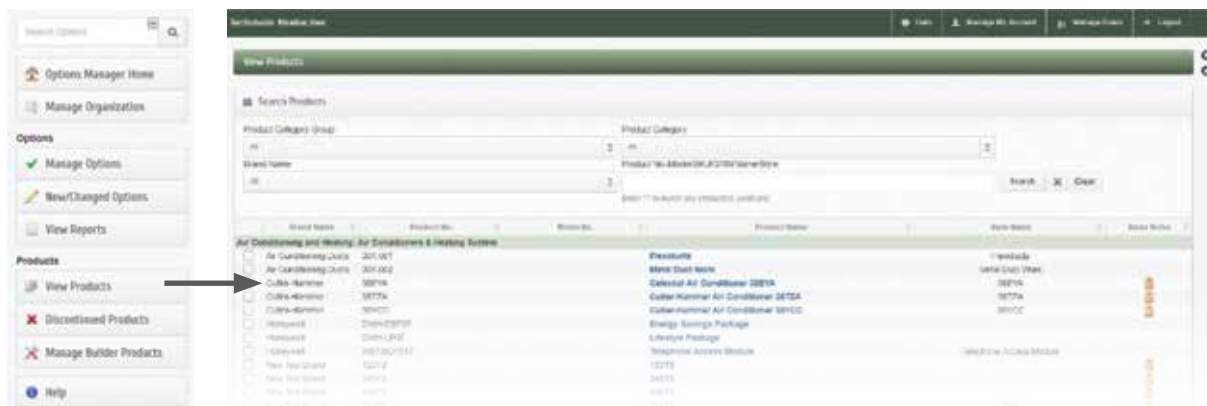

How do I find Amerock's products on Envision?

To find a curated selection of Amerock products available in **Envision** design software, click the *View Products* link in the *Global Navigation Bar*. You can then link products to your project by using the *Options Manager* (see below.)

Can my clients and I visualize Amerock hardware in each project?

Yes, with the Envision Room Visualizer feature on your website or in your showroom, you can **show Amerock hardware installed** in a **three-dimensional room environment**.

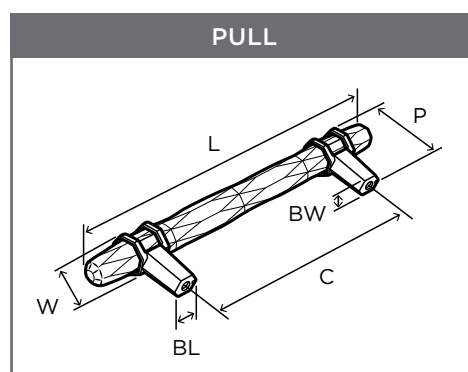

To learn more about the software, contact Envision customer support at 1-866-651-8866 or info@thebdx.com.
