WHAT'S NEW 2021

Santa Cruz Egress Handleset with Contemporary Square Escutcheon in 260 Polished Chrome

Square Beveled Egress Interior in 112 Venetian Bronze

Baldwin Hardware is proud to introduce Emergency Egress handlesets to the Reserve Collection. Featuring five beautiful large interior handleset escutcheons with egress functionality. Replacing the sectional style, these large interior escutcheons create a bold statement and allow for single action functionality (unlock and open) for a quick and easy exit from your home. Effective Summer 2021, nine of our 15 existing tubular handlesets will exclusively feature emergency egress.

Baldwin is introducing our exclusive Lifetime PVD Finishes into the Reserve collection with the addition of bold, elegant Satin Brass. Meticulously constructed of the finest materials and combining stylish design with long-lasting quality, the Satin Brass PVD Finish (Physical Vapor Deposition) creates a subtle, smooth matte finish that complements any room. The specially treated surface is resistant to weathering, deterioration, harsh UV rays, and damage produced by salt-air, making it an ideal choice for both coastal homes and areas with high heat or below freezing temperatures. Additional PVD finishes now offered in Reserve are Polished Brass 003 and Polished Nickel 055. There is no upcharge or extended lead times for Reserve PVD finishes.

You will find Estate General Hardware featured on page 30 representing the like items of our former Reserve General Hardware category. We have kept Reserve General Hardware in this price book for quick reference and to support those items while supplies last.
